

OMBII

by DEDON Studio

Well-being, warmth and conviviality

Overview

Brighten the evening with OMBII, a portable LED lamp of subtle beauty and modern durability. DEDON Studio's first in-house designed lamp is a charming allrounder that brings warmth and character wherever it goes, whether glowing atop a side- or dining table or inside other collections such as SCOORA or DALA. Organic in design and rotationally molded with PE for weather resistance, OMBII possesses an exceptionally soft surface that glows with a soothing ambience — lighting the way for memorable nights and future DEDON Studio creations.

Inspiration

The team at DEDON Studio sought to create a modern lamp in keeping with the brand's close connection with nature. The collection's flowing lines and organic-inspired shape recall the base of a tree or a rock formation, while the magnetic charging pad and dimmable LED light offer contemporary convenience.

Key facts

- _ Battery runtime: up to 6 hours
- _ Chargeable directly with a USB-C cable or a charging pad that is connected via USB-C
- _ Charging time up to 3.5 hours
- _ PE roto-molded surface ensures a soft feel, durability and lightness
- _ Nature-inspired design captures the DEDON spirit
- _ Dimmable from 2700K to 6000K

Characteristics

OMBII combines nature-inspired design with long-lasting manufacture. The LED lantern performs brilliantly on its own or as part of an ensemble, for example inside SCOORA or a set of DALA lanterns. Two subtle buttons on the base of the lamp control its brightness, removing the need for an app or remote control. OMBII carries a charge of up to six hours of usage, and it is chargeable either by USB-C cable or the magnetic charging pad. Thanks to its PE roto-molded surface, OMBII is exceptionally light and resistant to scratches and weathering.

Quotations

“Light is intrinsically connected to feelings of well-being, warmth and conviviality. In AMBI, we sought to capture those feelings in a new object that felt characteristically DEDON.” – DEDON Studio

Designer

DEDON Studio operates at the intersection of three areas of DEDON expertise – innovation, creation and craftsmanship. As an in-house innovation lab, DEDON Studio explores emerging trends and the latest materials and production processes. The studio also guides the development of new DEDON products and fibers, supports projects by independent designers, and continually engages with and expands DEDON's worldwide network of artisans.

About DEDON

DEDON transforms outdoor spaces into places of Spirit of Place with unique energy. Each piece of our handcrafted furniture is an invitation to experience the joy of life under open skies. Pioneering since 1990, DEDON innovates continuously to offer products of unrivaled quality, responsibility and desirability to customers in more than 100 countries on six continents.
